

The Wide World of Capillary and Managed SaaS

Managed SaaS provides an **all-encompassing solution** that helps brands **enhance their customer engagement and retention strategies**.

An AI-Loyalty Universe Like No Other

Powered by a World-Class CDP That Contains AI/ML Insights, Customer Trends, and Extensive Loyalty Knowledge

Why We Are Different

The **agency model is old, outdated, and costs a fortune** to partner with.

Consulting & Strategy Services

Brierley | A Capillary Services Company - Has created, managed, and consulted loyalty and CRM programs with unparalleled success for many of the world's most popular loyalty programs.

Award Winning Digital Services

We have a team of experienced digital experts who design and execute first-in-class digital and experiential engagements for any brand.

AI-Powered Consumer Data Platform

Our CDP powers the platform and connects data (known & unknown members) at every touch point - unifying data to create a 360 single view of the customer.

Where Loyalty **Wins.**
